Members, Board of Trustees:

UNIVERSITY OF KENTUCKY
CAPITAL REQUEST 2004-2006

Recommendation: that the University of Kentucky 2004-2006 Capital Request be approved for submission to the Council on Postsecondary Education, and that the Board authorize the President to adjust the priority of the projects, as needed, as the Council develops the operating and capital requests for postsecondary education.

Background: The 2004-2006 Capital Request is a result of a comprehensive capital planning process guided by the University's 2003-06 strategic plan, *The Dream & the Challenge*. Separate requests are included for the University and Lexington Community College, and the University Hospital. The Request includes all capital and information technology projects with an estimated cost of \$400,000 or more and all equipment with an estimated cost of \$100,000 or more, regardless of fund source.
