Members, Board of Trustees:

DELETION OF CERTIFICATE: COLLEGE OF EDUCATION

Recommendation: that the Board of Trustees approve the closure of the graduate certificate of Assistive and Rehabilitation Technology, in the College of Education.

Background: The graduate certificate in Assistive and Rehabilitation Technology has not been in demand and there are no students currently enrolled in the program.

The proposed closure of this graduate certificate has been recommended to the Provost by the College of Education faculty, given their expertise within their respective disciplines. The Provost of the University supports the program faculty's recommendation.
