

FCR 10

Office of the President
February 17, 2017

Members, Board of Trustees:

RENOVATE/IMPROVE ATHLETICS FACILITY CAPITAL PROJECT
(JOE CRAFT CENTER LOCKER ROOM)

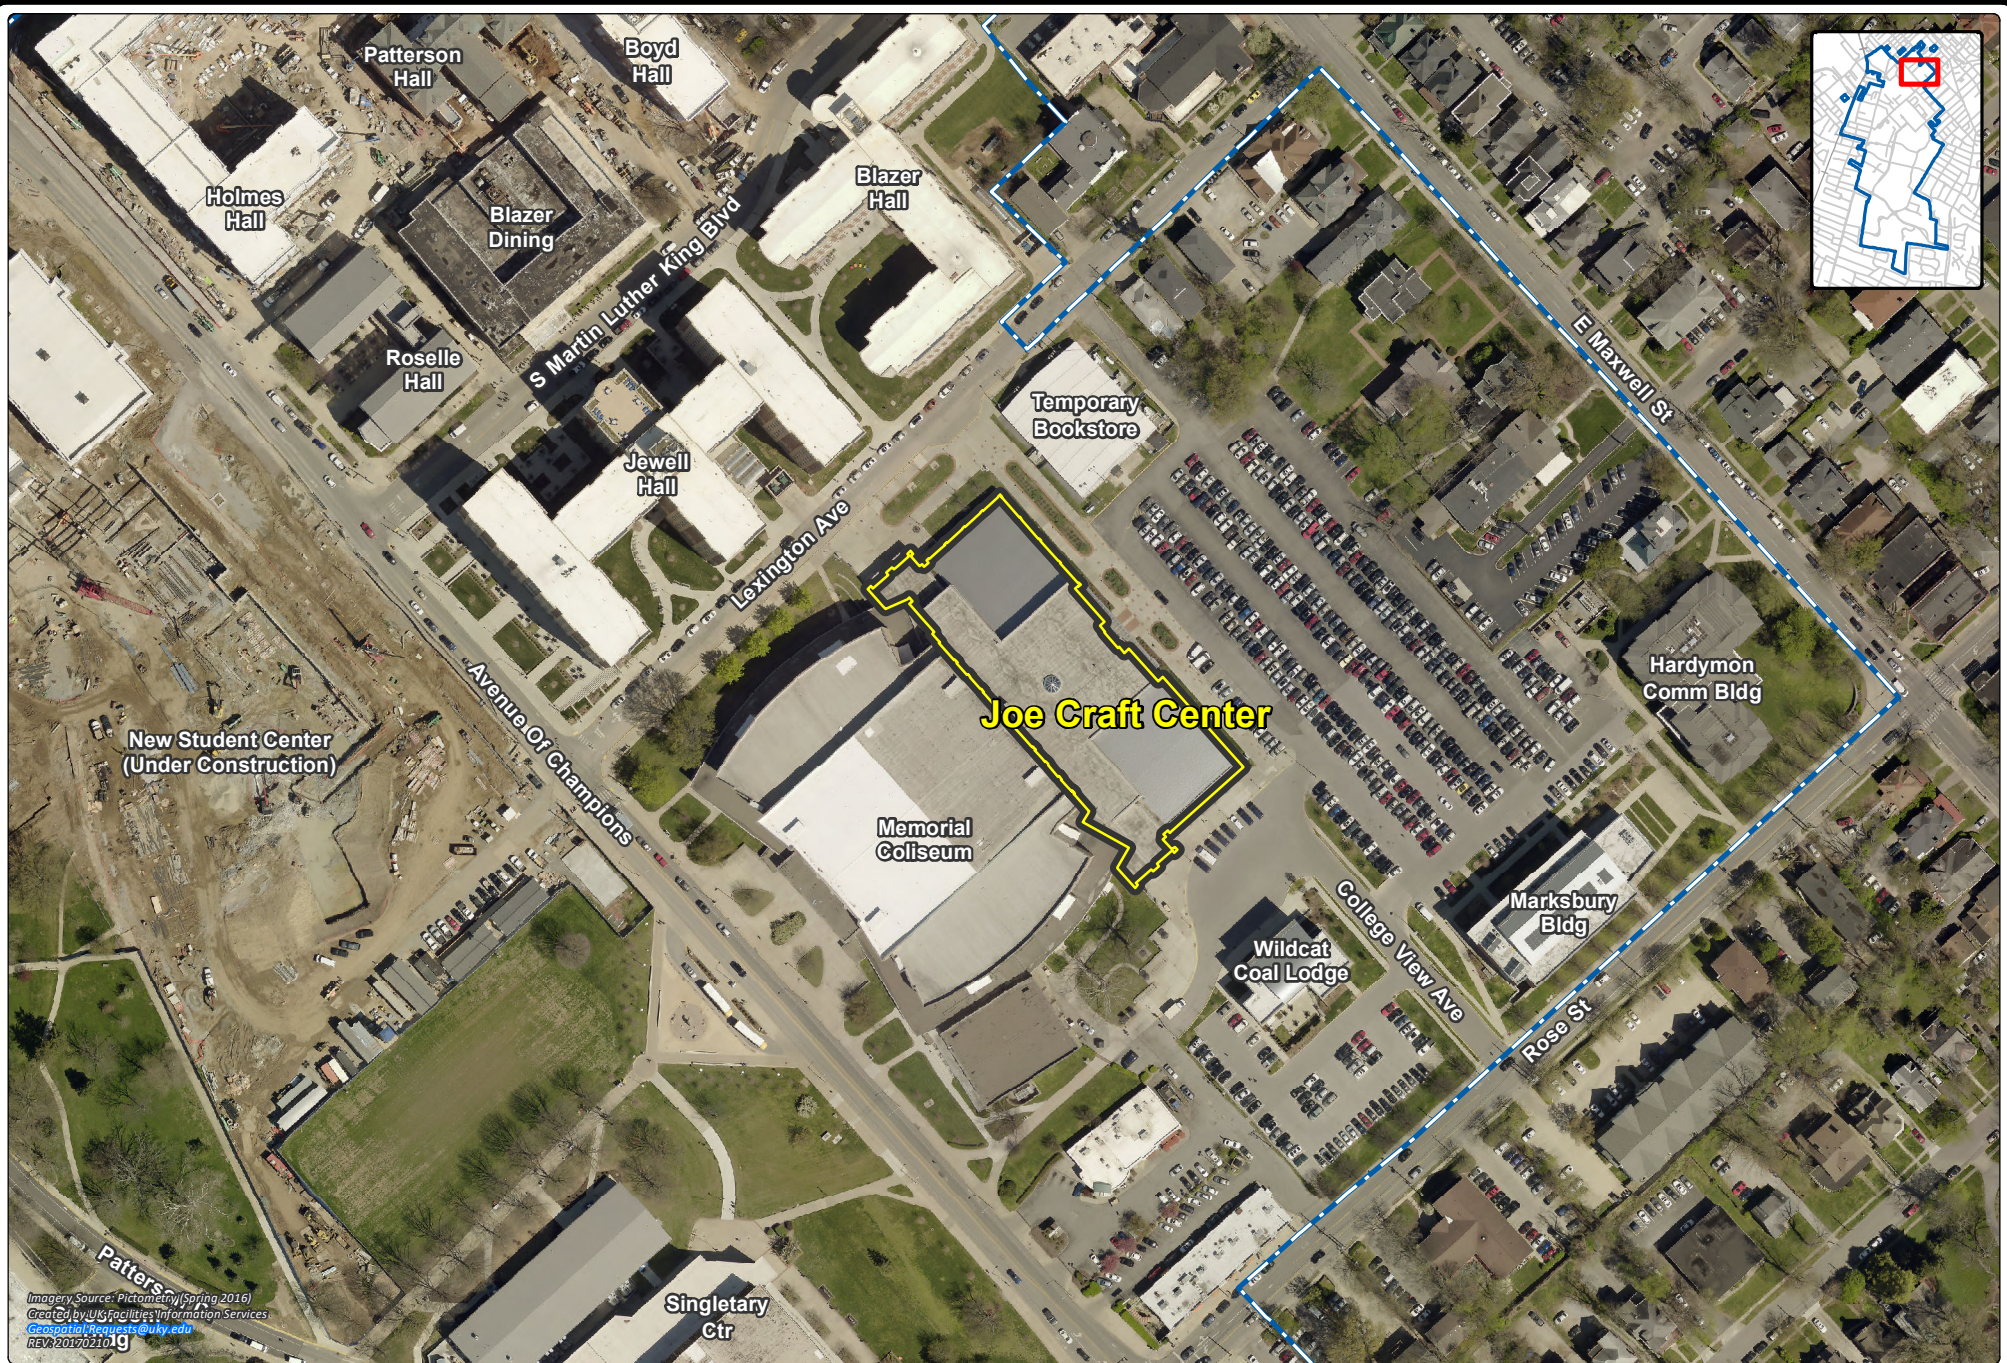

Recommendation: that the Board of Trustees approve the initiation of the Renovate/Improve Athletics Facility Capital Project (Joe Craft Center Locker Room).

Background: Pursuant to Administrative Regulation 8:2, any capital project with an estimated cost of \$1,000,000 or more must be approved by the Board prior to initiation. The renovation of the men's basketball locker room in the Joe Craft Center will include numerous enhancements to improve the functionality of the space to better meet the needs of student-athletes.

This project will renovate and improve the existing player locker and shower space, lounge area, and team meeting room into one multi-functional space. The improvements also will include a supplementation and nutrition fueling station, as well as a hydration station. It is anticipated that other renovations will occur in the near future in this and other facilities, benefitting student-athletes across a variety of sports.

The scope of this project is not expected to exceed \$5,000,000 and will be funded with private funds. The project has been authorized by the 2016 Session of the Kentucky General Assembly.

Action taken: Approved Disapproved Other_____
