Office of the President
September 5, 2014

Members, Board of Trustees:

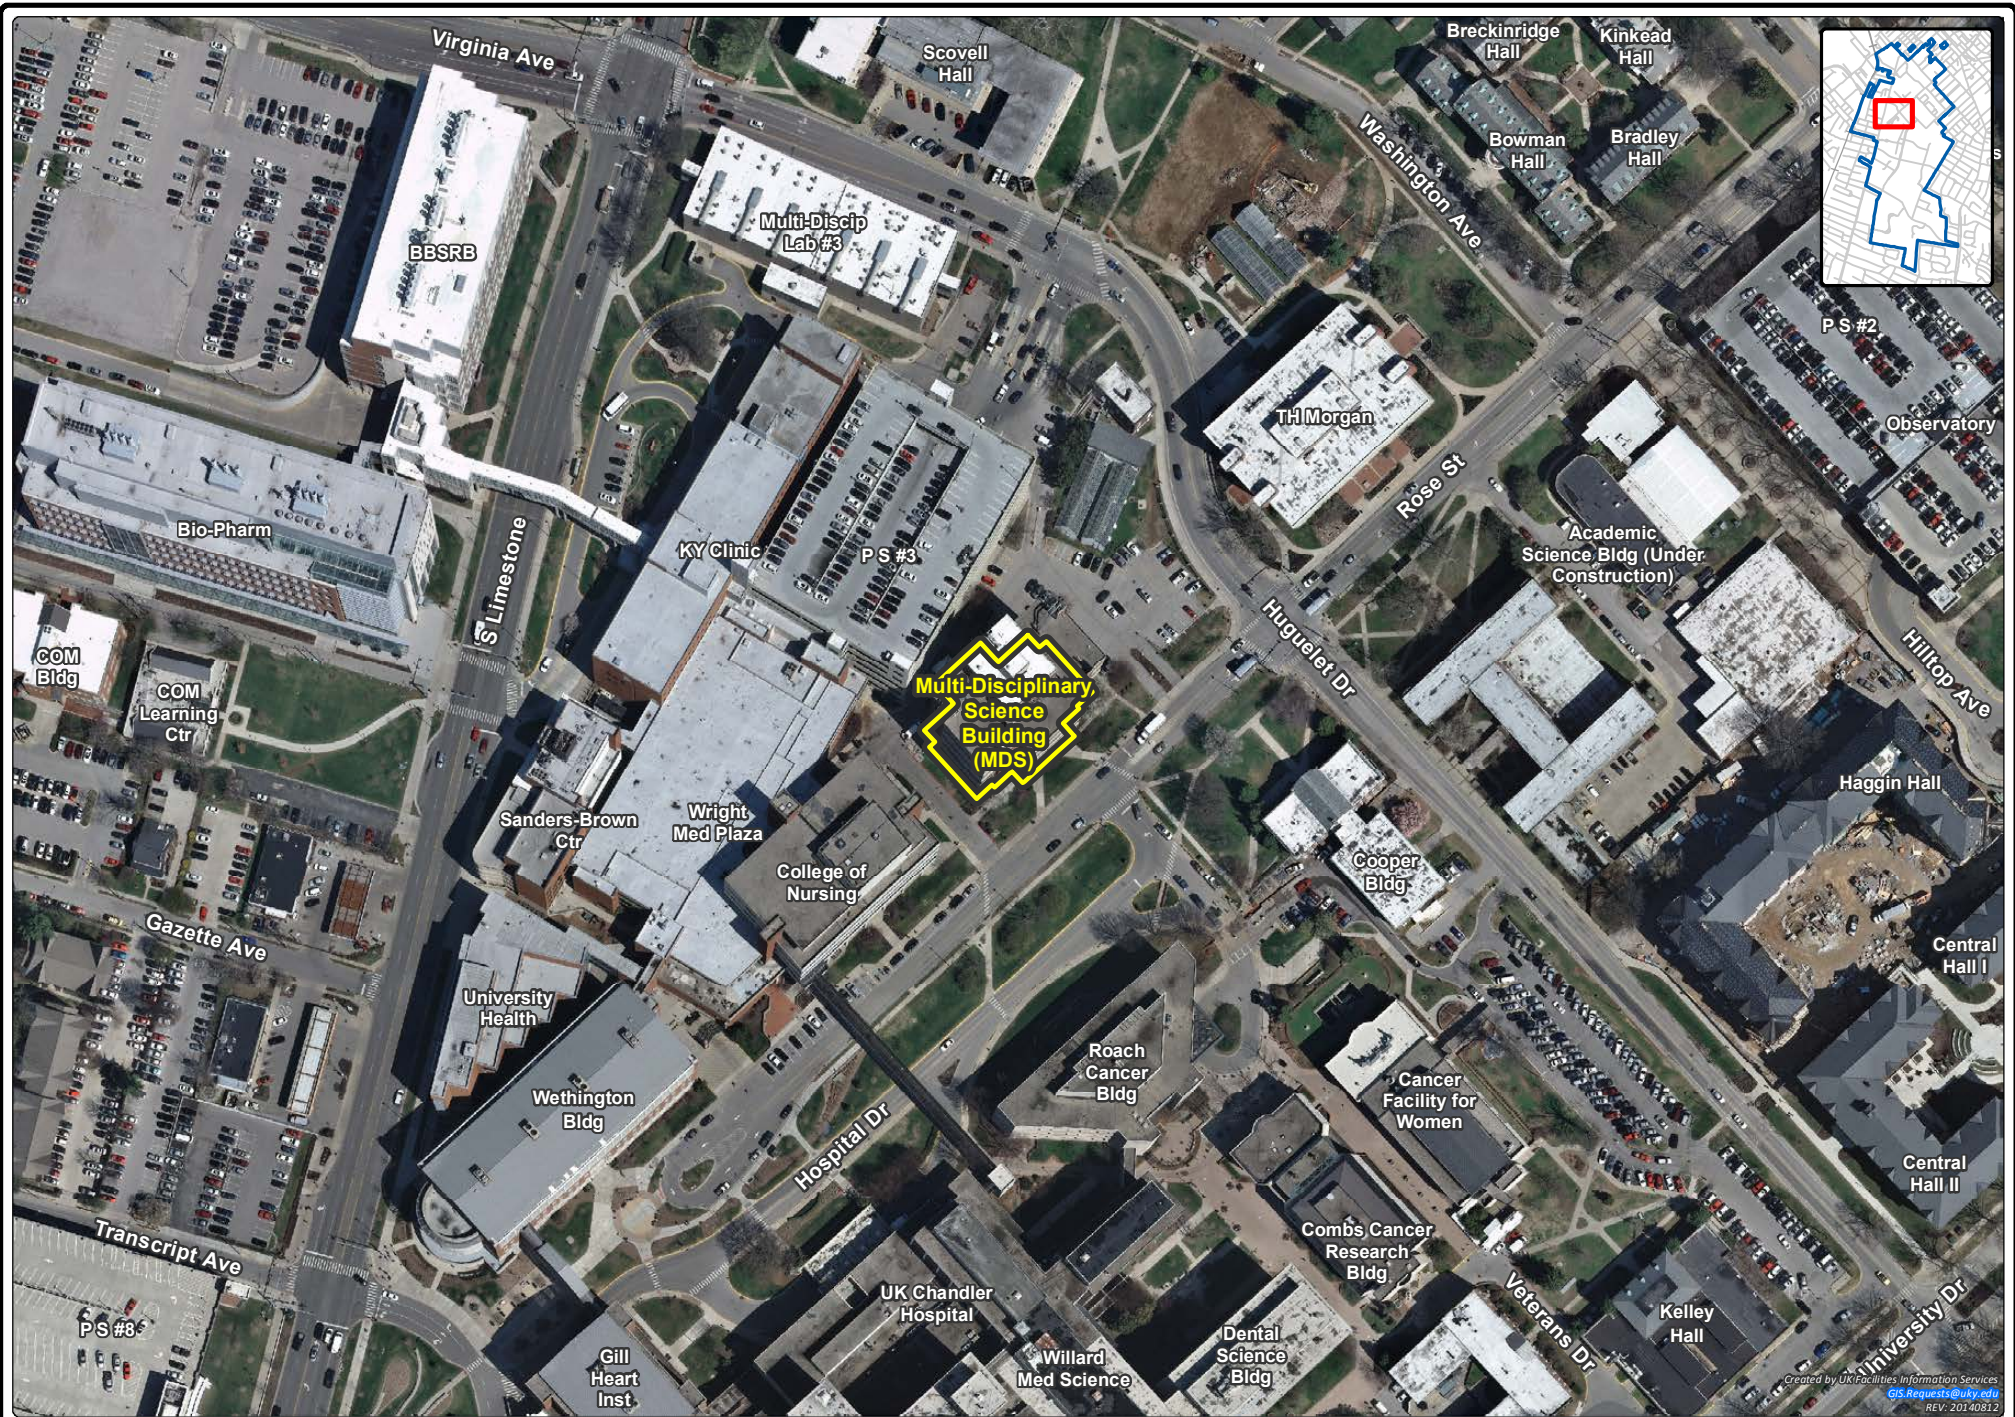

UPGRADE/RENOVATE SPACE IN MULTI-DISCIPLINARY SCIENCE BUILDING
CAPITAL PROJECT

Recommendation: that the Board of Trustees approve the initiation of the Upgrade/Renovate Space in Multi-Disciplinary Science Building Capital Project.

Background: This capital project will renovate the fourth floor, or approximately 15,750 square feet, of the Multi-Disciplinary Science Building. The renovation will include reconfigured academic, administrative and support spaces; updated finishes and fixtures; and necessary upgrades to mechanical and electrical components. The renovated space will house several University units, including the Disability Resource Center, The Graduate Center for Gerontology and Student Support Services.

This project has been authorized by the 2014 Session of the Kentucky General Assembly. The project scope is \$4,000,000 and will be funded with agency funds.

Action taken: Approved Disapproved Other _____
