Members, Board of Trustees:

RENAMING OF UNIVERSITY BUILDING

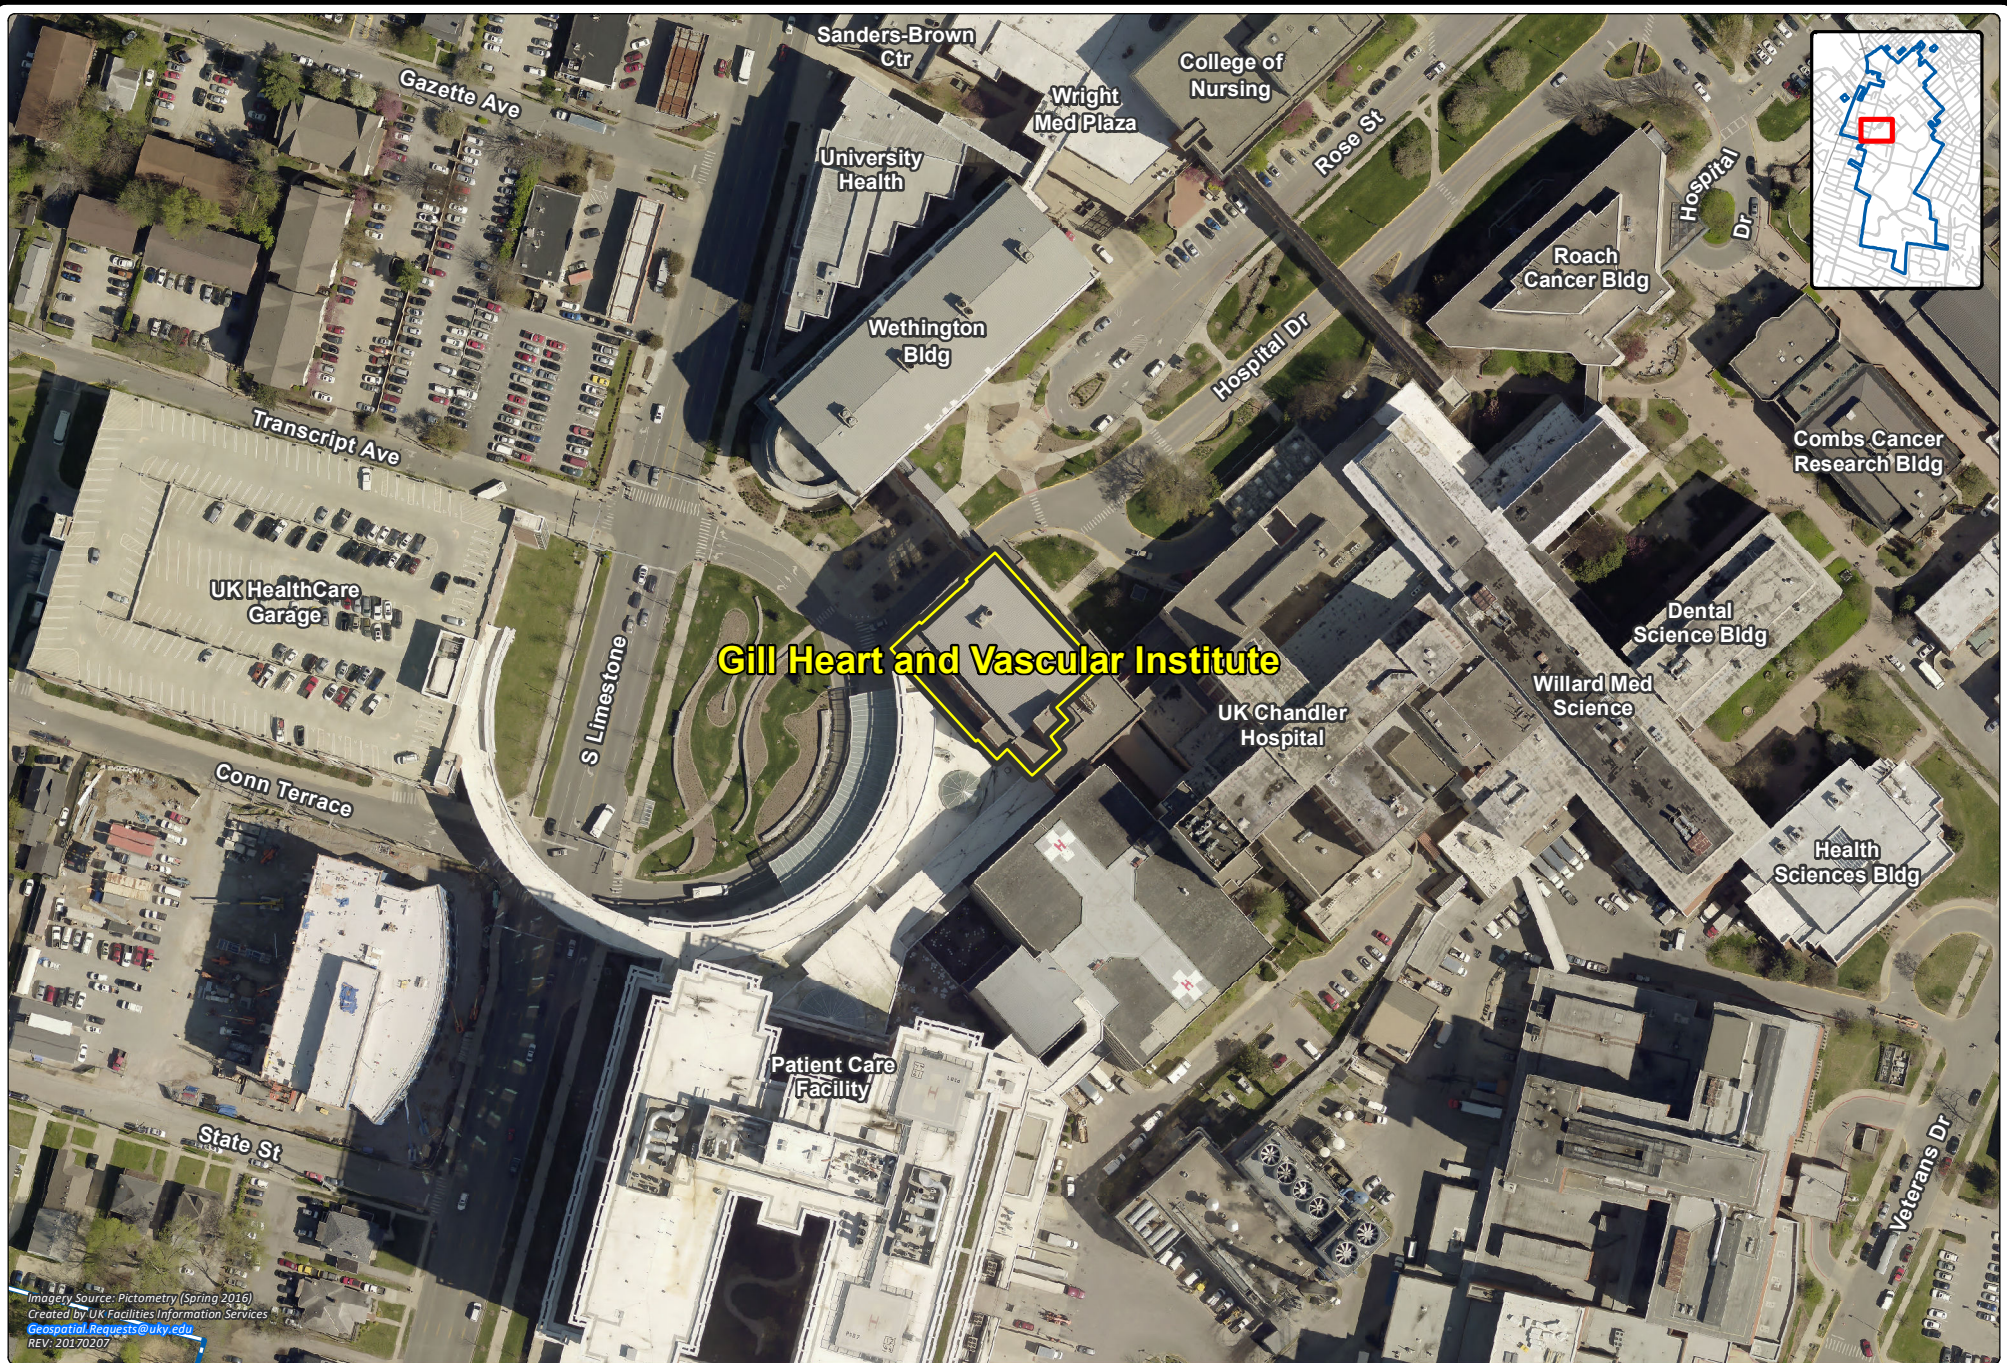

Recommendation: that the Board of Trustees approve the official renaming of the “Linda and Jack Gill Heart Institute,” the “Gill Heart and Vascular Institute.”

Background: At its April 1998 meeting, the Board approved the naming of the heart institute and associated building at the University of Kentucky Chandler Medical Center Campus. Through the generous support of Linda and Jack Gill, the Institute has continued to thrive.

UK HealthCare, in alignment with its 2015-2020 Strategic Plan, is organizing academic service lines around the full scope of care for patients with similar diagnoses and care requirements. The collaboration of Cardiology, Cardiothoracic Surgery, and Vascular Surgery will yield great benefits not only in clinical care, but also in research integration and enhanced educational opportunities. The change in name is a means by which to recognize this transition to a fully integrated structure for service to the Commonwealth and is supported by the Gill family.

The Advisory Committee on Naming University Property has reviewed the request and found it to be in compliance with Administrative Regulation 9:5 and recommends approval of this renaming designation.

Action taken: Approved Disapproved Other _____

Gill Heart and Vascular Institute
