Board endorses UK-PURPOSE to advance Kentucky.

Board initiates **Project Accelerate. Establishes Work** Group (WG) 5: More Responsiveness.

WG5 reviews UK policies and regulations, engages campus community and gathers information. Presents findings to Board.

Board passes CR1. **Charges President** to provide recommendations for revisions to the Governing Regulations and shared governance

structure.

President solicits campus feedback on shared governance. Common themes emerge: more voices, clarity, local control and understanding in shared governance.

President circulates first draft of principles for campus review. Solicits feedback.

President edits principles based on feedback. Circulates second draft for campus review.

Governance structure

- The backbone of UK's governance was designed in 1917 when the state and the University were very different.
 - 719 students, 194 staff, 93 faculty
 - Total budget: \$225K
 - Colleges: 5
 - Lexington population: 40,000
 - Campus footprint: 65 acres and 20 buildings
- Features of the 1917 GRs and governing structure remain in effect.

As part of the 1917 commencement celebration, 315 graduates with flags cross Limestone Street.

Governance structure

We are a larger, more impactful institution with a purpose that stretches across four missions — education, research, service and care — and a promise that serves all 120 Kentucky counties.

- Today we encompass:
 - ~34,000 students, 26,000+ staff, 3,400+ faculty.
 - More than \$7 billion operating budget.
 - 16 degree-granting colleges, the Lewis Honors College, Graduate School and Libraries.
 - 900+ acres; more than 8.6 million square feet transformed into state-of-the-art facilities in the last 10+ years alone.
