Which aspects of the course were most helpful? Why?

Comments
The in-class simulations helped me put things into perspective, I do think they could be better conducted although. The teacher was also very helpful in understanding why what we are learning is important.
Lecture we're interesting and the simulations were very fun I never had a class like this.
The format of the course was very efficient in a learn the content before class then apply, ask questions and move from there. Attending class was essential and created a successful situation
Canvas was perfectly organized, examples were given for any assignment, if you missed class you could find all your information online, material was well taught and easy to learn thanks to all the resources
Reading quizzes, simulations
Organization of course by Dr. Lane.
I believe there were many positives of the course. Doing the points everyday was good. Having the negotiation simulations were also fun to do and learn about.
I loved that the course discusses both negotiation AND mediation
ProfEссор maintained open lines of communication
The simulations were extremely helpful in applying our knowledge from the chapters and reading quizzes
I learned about so many topics that I had no clue I was interested in, to the point where it is influencing my future career. There are not enough good things that I could say about the topics included in this course.

Which aspects of the course would you change? How and Why?

Comments
The only thing I would change is when the quizzes are due, a lot of times I forgot to do them because they showed up on my canvas as due the next day when they should've been done that night.
Nothing everything was great
Absolutely nothing
more simulations, maybe coming up with our own simulation?

Which aspects of the instructor Derek Lane were most helpful? Why?

Comments
Dr. Lane was always open to help anyone who needed anything. He not only presented material extremely well, but he made sure he was always available to his students.
Dr. Lane is the best professor I have ever had at UK. He is extremely knowledgeable and is considerably qualified over other professors I have had. He genuinely cares about the class that he is teaching and cares so much about the wellbeing of his students. This is truly the first class I have ever had at UK that did not feel biased and I felt like I could actually say something without being shut down. Dr. Lane invests so much time into each and every student and will go the extra mile if you make an effort to take that step. There are not enough great things that I could say, my favorite class and professor!
He was very engaging and very talkative which helped the class be more comfortable.
Very nice and understanding.
this was possible the most well ran course I have taken at UK. The teacher was at the core of this. He helped my understanding of the concepts and how to apply them to my individual applications and I cannot thank him enough for that. He truly made this class what it is and deserves recognition for it
Dr. Lane is the best professor I have had in college and the best teacher I've had in my life. He is kind, understanding, and helpful. but most of all he cares about his students and their success. He shapes the class to fit their needs and will help with anything in and out of class, including career advice and job searches.
I am sure you already know this, but Dr. Lane is one of the best professors at this university. He is the best professor I have ever had. He is organized, presents material clearly, and genuinely cares about the success of his students. I feel so lucky to have taken 2 of his classes while in school here.
The way he lead lectures and guided the class!
His wiliness to be there for his students was one of the positives. Easily a top 3 instructor i have ever had.
Dr. Derek Lane is simply the best professor I have ever had at UK. The most genuine and hardworking professor ever and it shows. He cares about his students and wants each and every one of us to succeed. He makes sure that everyones thoughts and questions are validated and answered.
The slide decks being in class files and the calendar weekly showed when upcoming assignments would be due.
